APPENDIX C: Procedure for requesting official transcripts

1.00 GENERAL RULES

1.01 REGISTRATION

The courses for first-year students are prescribed, and all are required. Courses for upper-level students include elective and required courses. Schedules must be approved by faculty advisors and, when appropriate, by the Office of the Dean.

Each student has a faculty advisor. Students must meet with their faculty advisor regularly, especially during the pre-registration period of each semester.

1.02 REQUIRED COURSES

Day first-year students are required to take Civil Procedure I & II, Contracts I & II, Criminal Law, Property I & II, Torts I & II, Legal Reasoning and Analysis I and Legal Research and Persuasion. Evening first-year students are required to take the two substantive courses in their rotation along with Professional Responsibility, Legal Reasoning and Analysis I and Legal Research and Persuasion. Upper-level required courses for all students are Constitutional Law, Decedents' Estates I, Evidence, Fundamental Taxation, Professional Responsibility (Day, first-year Evening), Sales and Secured Transactions, and North Carolina Distinctions. Day students are required to take Legal Letters, Business Associations, and a writing seminar, as well as meet the oral requirement and the professional skills requirement. Evening students are required to take Senior Writing and Corporations, as well as meet the oral requirement and the professional skills requirement. Students may opt out of North Carolina Distinctions if they have taken Criminal Procedure, Decedents' Estates II, Family Law and Real Estate Finance. The Faculty strongly recommends that students take Advanced Torts, Criminal Procedure, Family Law, Decedents' Estates II, Real Estate Finance, Remedies, Constitutional Law II, Appellate Advocacy and Trial Practice. It also encourages students to take Alternative Dispute Resolution.

1.03 CREDIT FOR REQUIRED COURSES

All required courses must be taken at North Carolina Central University School of Law except for those taken at a Visiting Law School during the student's last year (*See 1.07-01*) A student receiving a failing grade must repeat the course until a passing grade is earned.

1.04 COURSE LOAD

1.04-01 Registration Rules for Students Repeating a Course

1. Timing

A day student who receives an F in a first-year course is required to repeat that course during the next semester in which that course is offered at this law school. Evening students repeating courses are required to consult the Assistant Dean for the Evening Program to determine when the course is next offered in the Evening rotation and should plan to take the course when it is next offered.

2. Maximum Number of Credit Hours

It is recommended that a Day student who receives below a “C” in one or more first-year courses not register for more than fourteen (14) credit hours. It is recommended that a Day student who receives below a “C” in one or more first-year courses during the spring semester of his/her second year not register for more than fifteen (15) credit hours.

3. Signature of the Associate Dean for Academic Affairs Required

Prior to the beginning of each fall semester, the Law School Registrar will provide the Associate Dean for Academic Affairs with a list of the names of all those students who, during the previous academic year, received an F and the course(s) in which such grade was received. After obtaining the signature of his/her advisor, any student who is required to repeat a course must then obtain the signature of the Associate Dean for Academic Affairs before being allowed to register. The Law School Registrar will register students required to repeat a course.

1.04-02 Day Program

The maximum course load permitted without special permission from the Office of the Dean is 16 credit hours. A student who wishes to take less than 10 credit hours during a semester must secure prior permission from the Office of the Dean, including instances in which the student initially wishes to register for less than 10 credit hours, as well as those instances in which the student wishes to drop courses and fall below the ten-hour level. A Day student must have at least six semesters in residence (at least 10 credit hours) in order to graduate. *See 1.12-02.* A Day student who wishes to enroll in evening or summer classes must receive the prior written permission from the Office of the Dean.

Day students who are working no more than 20 hours per week can take 6 credits per summer session (for a total of 12 credits for both sessions). Day students who are working more than 20 hours per week, can take 4 credits per summer session (for a total of 8 credits for both session) and they must receive permission from the Associate Dean for Academic Affairs to exceed 4 credits.

Students should consult their financial aid advisor to determine the number of credit hours needed to maintain their financial aid eligibility.

1.04-03 Evening Program

The maximum course load permitted without special permission from the Office of the Dean is 10 credit hours. Students wishing to take an additional course or a course meeting at a time other than during the regular Evening rotation must obtain written permission from the Office of the Dean. Generally, Evening students who have not completed their third full semester (27 hours) will not be granted permission to enroll in an extra class. A student admitted to the Evening Program who wishes to enroll in Day classes, including “swing” hour classes, must receive permission from the Office of the Dean.

Evening students can take 4 credits per summer session (for a total of 8 credits for both sessions) and they must receive permission from the Assistant Dean for the Evening Program to exceed 4 credits. Evenings students must receive permission from the Associate Dean for Academic Affairs to exceed 6 credits.

Evening students wishing to earn their degrees in less than eight semesters and three summers must seek written permission to transfer to the full-time Day Program. (*See* section 1.04-05).

1.04-04 Overload Requests

A Day or Evening student seeking permission to take an overload (even if in a dual degree program) should submit a written request to the Office of the Dean and to his/her faculty advisor stating the name and number of credit hours of the extra class, the reason for requesting the overload, a plan for balancing outside demands with additional course work, his/her overall grade point average, and his/her performance during any previous semesters while taking an overload. Absent extraordinary circumstances, the Dean or Associate Dean for Academic Affairs will only grant an overload if the student has at least a 3.0 grade point average and can demonstrate that the additional credits would not affect the student’s ability to maintain at least a 3.0 grade point average.

1.04-05 Transfer Between Programs

Requests for permission to transfer between programs must be submitted, in writing, to the Office of the Dean. A transfer is not automatic and cannot be granted before successful completion of the first-year in either program.

1.05 DROPPING COURSES

Courses may be dropped at any time before the beginning of the final examination scheduled for the course, and the grade of “W” will be entered. If a final examination is not the final work product due in the semester, a course may be dropped at any time before such final work product is due for the course, and the grade of “W” will be entered. Thereafter, a course may not be dropped. (*See* Sections 1.04-02, 1.04-03, and 1.12-02). (First-year students see Section 1.08-9).

1.06 SWITCHING SECTIONS

A first-year student may not switch from one section of an assigned course to another without permission from the Office of the Dean. Any student repeating a required first-year course may select either section of that course at the next offering, subject to space availability.

1.07 COURSES AT OTHER SCHOOLS

Students will not be permitted to take summer school courses offered by other law schools until Day Program students have successfully completed a fall and spring semester and Evening Program students have successfully completed four semesters. Generally, students will not be permitted to enroll in courses at other schools during their final semester because of difficulty in obtaining grades from other institutions in a timely manner for graduation certification.

1.07-01 Completing Courses at a Visiting Law School

Students who desire to complete their courses at a Visiting Law School must first consult with his or her advisor to determine the courses required to complete his or her degree. The student must submit to his or her advisor the course description provided by the Visiting Law School for the advisor to give his or her opinion as to whether the course is substantially similar to the course offered at North Carolina Central University School of Law. The student must then submit his or her request in writing to the Associate Dean for Academic Affairs. In those circumstances where the Visiting Law School does not have a required course that is substantially similar to the course offered at North Carolina Central University School of Law, the student may petition the Curriculum Committee in order to demonstrate that the failure to take the required course or a substantially similar course at a Visiting Law School does not affect the integrity of the degree that the student will receive from North Carolina Central University School of Law. The Curriculum Committee shall consult with those faculty members responsible for teaching the required course at issue.

1.07-02 Limitations on Credits Toward Degree

Students may earn a limited number of elective credit hours toward their NCCU law degree by taking approved classes at other institutions. (*See* Sections 1.02 and 1.03).

Permission from the Office of the Dean must be obtained before taking:

1. summer school courses at other accredited law schools;
2. up to 6 hours of credit for non-law school courses that are related to a student's program of law study, and
3. law school courses at Duke University and the University of North

Carolina at Chapel Hill under the inter-institutional agreement, which permits not more than two courses to be taken at the other school in a semester, provided that the Law School does not offer the same course (or its substantial equivalent) in the same semester.

1.07-03 Transfer of Credit Hours

Fall and Spring Courses: Any grade earned at another law school, graduate or undergraduate program during the fall or spring semesters may be transferred and included in the calculation of the student's grade point average. Where grading systems are substantially different from the grading system at this school, the student seeking transfer credit shall have the burden of providing sufficient information to the Office of the Dean to support an equivalency determination.

Summer School Courses: A student must earn a grade of "C" or better for summer school credit hours to transfer. Grades earned during the summer will not be included in the calculation of the student's grade point average. However, credit hours transferred will count toward the 88 hours required for graduation. (*See* Section 1.12-01). A grade of "C" or below will not be accepted regardless of the standards applied at the other schools. If a grade is earned on a system other than "A, B, C", the student has the burden of establishing equivalency. (*See* Section 1.07-01).

Transfer students: A student transferring into the School of Law will not receive credit for hours earned taking a required course at another law school, if that required course is offered for fewer credit hours than the student would receive for taking that course at this law school.

1.08 EXAMINATIONS AND GRADING

1.08-01 Anonymous Grading

Grading of examinations is anonymous and is recorded by examination numbers assigned by the Office of the Dean. Each student must obtain a number before the examination period begins. If the final grade for the course is different from the grade on the final examination, both grades should be reported to the student. Faculty may consider factors other than examination grades, but students should be informed of those other factors at the beginning of the semester.

1.08-02 Absences From Examinations

Unexcused absences from an examination will result in a grade of "F" for that examination. Only the Associate Dean for Academic Affairs may excuse an absence from a scheduled examination. Excuses must be sought before the time for taking the examination, except in the most extraordinary situations that would prevent a diligent, reasonable person from obtaining a prior excuse. It is the professor's discretion whether to allow a make-up examination for students excused from mid-term examinations.

Excuses are not lightly granted. A student must show that circumstances beyond his/ her control prevented appearance at the scheduled time. Where an excuse is granted, the examination may be taken later from the same instructor, by arrangement of the instructor and the Associate Dean, or at the next time the course is offered and an examination given.

A grade of Incomplete (“I”) will be reported to the registrar, if the examination is not taken before final grades must be reported. Such incompletes must be removed (that is, the examination must be taken) not later than one year after the missed examination was originally scheduled, or when the examination is given the next time the course is offered, whichever comes first. If the examination is not taken within that time, the grade will automatically become an “F”.

1.08-03 Late Arrival For Examinations

A student who arrives late for an examination will be permitted to take it without excuse, but the time for completing the examination will not be extended beyond that specified for completion for those who arrived on time. If the student can demonstrate to the instructor that his/ her lateness was for good cause, and beyond his/ her control, the full scheduled time to complete the examination may be given, at the instructor’s discretion.

1.08-04 Accommodations for Examinations

For students for whom English is a second language:

1. Students who have spent two or more years of undergraduate or graduate study in an English-speaking institution will not be eligible for accommodation;
2. Accommodation will take the form of time and one-half for examinations in the first year only.

For students with disabilities:

Accommodations are made through the University ADA office through a centralized process. Students should see the University Coordinator (currently Dr. James Fuller at 919-530-6325) and provide any documentation from the University Coordinator to the Associate Dean for Academic Affairs. Course instructors do not grant accommodations.

For students who desire religious accommodations:

Accommodations may be made due to religious observances.

1.08-05 Exam Conflicts

Students are eligible to take a final exam on "Conflicts Day" if they have two exams that start within a 23 hour period.

Example 1: A 9:00am exam on one day and a 2:00pm exam on the same day is a conflict.

Example 2: A 9:00am exam on one day and a 9:00am exam on the next day is not a conflict.

Students must notify their professor if they are electing to take their exam on Conflicts Day. Students are NOT permitted to take an exam on Conflicts Day unless there is a legitimate conflict with another exam. Violation of the policy will result in an honor code violation and a failing grade in the course.

1.08-06 Grade Changes

Once final grades have been turned in by a faculty member, they shall not be changed unless the faculty member satisfies the Dean and the Provost/Vice-Chancellor for Academic Affairs that he/she has made an objective mistake in determining a grade, such as an error in computation or averaging.

1.08-07 Extensions - Papers, etc.

Where a work product other than an examination is required for a course, the instructor may, in his or her discretion, grant an extension of time for the completion of such work. Such extensions may be for such periods as the instructor shall determine, but in no event may the instructor permit the work to be completed later than:

Fall semester:	the following March 31
Spring semester:	the following August 31
Summer sessions:	the following October 31

If any extension of time is granted under this rule, the extended due date for the work should be communicated to the student in writing, and a copy should be furnished to the Office of the Dean. An instructor may, in his or her discretion, reduce the grade of a student who is granted an extension under this rule. If the work is not completed before the extended time limit has expired, the grade of "F" will be awarded for the late work. Extensions are not to be lightly granted.

1.08-08 Grade Scale - Quality Points

Grades are given each semester in each course. The grade scale is as follows:

A	4.00
A-	3.67
B+	3.33

B	3.00
B-	2.67
C+	2.33
C	2.00
C-	1.67
D+	1.33
D	1.00
D-	0.67
F	0.00

If a student receives an “F” in a course and then repeats that course, the two grades are averaged to determine the grade in the course. In a Pass/Fail class, a student who earns a “P” receives credit hours toward his/her graduation requirements, but the “P” has no effect upon the student’s cumulative grade point average. A grade of “F” received in a Pass/Fail class will be factored into the student’s cumulative grade point average and no credit hours will be awarded toward his/her graduation requirements.

1.08-09 Grade Appeals

Each faculty member shall prepare model answers or other objective standards setting forth the issues that the professor expected the students to discuss in their examination answers or other course work and the approximate number of points or weight assigned to each question or component. If not returned, these model answers or other objective standards and the student’s own materials will be made available for review on request.

A student who thinks that his/her grade was incorrect may appeal to the Office of the Dean. All procedures will be confidential.

To appeal a grade:

1. The student must have a conference with the professor, and seek an explanation of the grade received and a resolution of the student’s complaint.
2. If the student still contests the grade, he/she may appeal the grade by writing to the Office of the Dean. If the Dean is persuaded that the appeal may be meritorious, the Dean may appoint a panel of three professors to review the matter and to make a written recommendation. The Dean will then discuss the appeal with the student and the professor. If the appeal is not then concluded by agreement, the Dean will render a decision in writing to the student and the professor.

3. To be regarded as meritorious, a grade appeal must be based on an objective arithmetical or computational error; manifest unfairness to the student in the evaluation process as compared with other members of the class as demonstrated by clear and compelling evidence; or qualitatively similar instances involving invidious discrimination based on clear and compelling evidence.
4. Non-meritorious appeals include those challenging: standards generally applied to the evaluation of the class; the form of the evaluation instrument administered to the class; or any matter involved with the substantive content of the course or the exercise of professional judgment.
5. All appeals must be made within a reasonable time. A discussion with the professor within ten (10) school days from the date that the student receives notice of the grade will be deemed timely. A written appeal of the grade to the Office of the Dean must be made within ten (10) school days after the conference with the professor if the complaint has not been resolved.

1.08-10 Academic Eligibility - Continuation

To remain in school, a student must meet certain minimum grade point average requirements.

1. A first-year student enrolled in the Day Program must earn a cumulative grade point average of at least 2.0 by the end of the academic year (May) to be eligible to return. A first-year Day student who does not earn a grade point average of at least 2.0 by the end of the academic year will be dismissed.
2. A student enrolled in the Day or Evening Program who does not earn a cumulative grade point average of at least 2.0 by the end of the second year (four semesters) will be dismissed.
3. A student enrolled in the Day or Evening Program whose cumulative grade point average drops below a 2.0 at any point subsequent to his/her fourth semester will be dismissed.

1.08-11 Dropping Required First-Year Courses

All students must take the required first-year courses. In extraordinary circumstances, however, a first-year student might be permitted to withdraw from a course with the prior written permission of the Office of the Dean, which may impose special requirements.

1.09 READMISSION

1.09-01 Eligibility to Petition For Readmission Following Academic Dismissal

A student who does not earn the minimum grade point average by the end of the academic year is dismissed. Subject to the following limitations, however, a student who is academically ineligible may petition the Standards Committee for readmission.

1. A first-year student enrolled in the Day Program who achieves a cumulative grade point average below 2.0. but at least 1.8 may petition for readmission.
2. A first-year student enrolled in the Day Program who fails to earn a cumulative grade point average of at least 1.8 by the end of the academic year is not eligible to petition for readmission.
3. An upper-level student enrolled in the Day or Evening Program who has been academically dismissed may petition for readmission.
4. All petitions for readmission following academic dismissal are governed by the procedure specified in Section 1.09-02.
5. A student may petition for readmission only once.

All students are presumed and expected to be putting forth their best and most diligent efforts to perform satisfactorily in all courses; consequently, readmission will be rare.

1.09-02 Readmission Procedure

Petitions for readmission will not be considered until one academic year after a student's dismissal for substandard academic performance. A petition must be received by the Office of the Dean by April 15th of the calendar year following the petitioner's dismissal. A student failing to file a petition for readmission by this date may submit a petition for readmission to the Office of the Dean by November 1st of the calendar year following the petitioner's dismissal.

1. An eligible student may petition the Standards Committee for readmission by sending a letter to the Office of the Dean. The petition should set forth specific reasons for the petitioner's substandard performance.
2. The Office of the Dean shall forward the petition to the Standards Committee for consideration, along with any documentation relevant to the petitioner's performance and petition.
3. The Standards Committee will meet as soon as possible after the end of the spring semester. Three faculty members of the Committee shall constitute a quorum.
4. The petitioner shall have the right to appear at the time set by the Committee for consideration of the petition and to demonstrate that

extraordinary circumstances resulted in his/her substandard academic performance. Extraordinary circumstances are those that do not ordinarily occur. Financial concerns, employment obligations, family illness or commuting distances normally involve no element of extraordinary circumstances. The petitioner must demonstrate that the extraordinary circumstances have been resolved and that, if re-admitted, he or she will be able to successfully handle the rigors of legal education. The petitioner must submit written documentation to substantiate any physical or psychological conditions described in the petition. Furthermore, there is no presumption that petitioner will be readmitted by reason of having a cumulative average close to the required minimum.

5. If a majority of the Committee present and voting is in favor of readmission, the student is readmitted. Readmission may be conditioned as the Standards Committee deems appropriate.
6. In all cases, the Office of the Dean shall inform the petitioner by letter of the disposition of his/her case.

1.09-03 Admission as a New Student Following Academic Dismissal

An academically dismissed student who does not petition for readmission by the specified deadline, or an academically dismissed student who is ineligible to petition for readmission, may not be admitted as a new student until two academic years have elapsed following his/her dismissal.

Only in an extraordinary case (*see* Section 1.09-02) will an academically dismissed student be admitted as a new student. Such students cannot transfer any credits from prior law school matriculation and must abide by the rules applying to their new incoming class.

1.09-04 Withdrawal From Law School

All students must make a written request and obtain written permission from the Office of the Dean to withdraw. A student who withdraws from the Law School, for whatever reason, shall be governed by the following requirements:

1. If the permission is granted during the student's first semester, before the student has taken any final examination or before completing the course work in any non-examination course, that student must reapply for admission at a subsequent fall semester and must submit a new personal statement. The student's previous LSAT and LSDAS report may be used if the re-application is within three (3) years of his/her last LSAT administration date; however, the student may retake the LSAT at his/her discretion.

2. Students who have completed course work and received grades must submit a petition to re-enter law school to the Office of the Dean. The petition for readmission must be received by the Office of the Dean at least 60 calendar days before the start of classes for the semester of the proposed return. The Office of the Dean shall forward the petition to the Standards Committee for consideration, along with any relevant documentation. Such students' prior grades will count toward their degree and they must be able to complete degree requirements in a timely manner as defined in Section 1.09-05.

The Standards Committee will apply the following standards in evaluating the petition for readmission:

If a student withdraws while having a grade point average of 2.0 or above, the student is presumptively re-admissible. If a student withdraws for a personal emergency (unrelated to law school) before taking any exams, including midterms, or before completing the course work in any non-examination course, the student is presumptively re-admissible. Further, if a first year student withdraws for a personal emergency (unrelated to law school) after midterms, but before final exams or before completing the coursework in any non-examination course, the student is presumptively re-admissible, if the student has performed above average in at least three of his/her midterms.

The presumption of re-admissibility can be overcome by a showing that the petitioner had engaged in conduct that (a) demonstrates unprofessional or unethical behavior, (c) poses an imminent threat to the orderly conduct of classes or to the orderly administration of the School of Law and its premises, or (d) could have adversely affected the petitioner's admission as an applicant to the School of Law. In applying these criteria, the Standards Committee may consider (i) whether the petitioner shows remorse for any conduct that might furnish grounds for rebutting the presumption of re-admissibility and (ii) whether the petitioner voluntarily disclosed the conduct that might furnish grounds for rebutting the presumption of re-admissibility. The burden of rebutting the presumption of re-admissibility of a petitioner is on the School of Law by a preponderance of the evidence.

If a student withdraws while having a grade point average below 2.0, to be readmitted, the student must demonstrate a compelling non-academic reason(s) for the withdrawal. These reasons may include, but are not limited to, severe financial hardship, serious medical problems, or serious illness or death of a close family member. A student who cannot demonstrate a compelling non-academic reason for the withdrawal would then be subject to the standard for readmission of a student who has been declared academically ineligible. That student must demonstrate that

extraordinary circumstances caused the substandard academic performance. *See generally*, 1.09-02. If the student is readmitted, the student would be evaluated for academic retention at the appropriate time according to customary procedures. *See generally*, 1.08-08.

A student who does not comply with these rules upon his/her departure from the Law School, will not be eligible to re-enroll. Re-enrollment is not automatic.

1.09-05 Completion of Degree

The course of study for the J.D. degree shall not be longer than 84 months after a student has commenced law study at a law school or a law school from which the school has accepted transfer credit (*See American Bar Association [ABA] Standards for the Approval of Law Schools 2003-2004*).

1.10 STUDENT RECORD KEEPING

Each student should keep a file throughout his/her law school career that contains tuition payment records, copies of pre-registration and drop/add cards, and any advising notes, doctor's excuses, and any other relevant materials related to the student's matriculation and class attendance.

1.11 CLASS ATTENDANCE RULES

Students are required to attend all of their regularly scheduled classes. Professors are required to make-up a cancelled class, but the student's inability to attend a make-up class will not count as an absence. Faculty members will maintain a record of attendance in each course. Attendance for all students shall be taken starting the first day of class. Thus, students who anticipate registering for a class during the drop/add period are advised to obtain the instructor's permission to attend the class during the interim. Students must obtain the permission of the course instructor to drop or add a course.

Faculty shall maintain weekly attendance records. Faculty shall notify the Registrar when a student has missed two-thirds of the maximum number of classes that they can miss, and when they reach the maximum.

Students who accumulate more than the maximum absences within a semester will be dropped from the course. Each 50 minutes of meeting time is considered a class hour. Students enrolled in required first-year courses who violate the attendance rule will receive a grade of "F."

<u>Course credit hours</u>	<u>Maximum absences</u>
1 credit hour	Three 50-minute classes or two 75 minute classes)
2 credit hours	Six 50-minute classes or four 75 minute classes)
3 credit hours	Nine 50-minute classes or six 75 minute classes)
4 credit hours	Twelve 50-minute classes or eight 75 minute classes)

Please note that missing a course that meets just once a week will cause students to meet the maximum number of absences faster. For example, the allowable absences for a two credit hour course that meets just once a week would be two 100-minute classes.

1.11-01 Appeals Procedure For Violations of Attendance Policy

Notice of Violation. The Assistant Dean of Student Affairs shall notify students who have been dropped from a course for exceeding the maximum absences by e-mail and by regular mail. Notice will be deemed effective two days after the date of the e-mail from the Assistant Dean of Student Affairs. On the day an e-mail is dated, a copy shall be mailed to the student's address of record. (*See* Section 1.14).

Right of Appeal. A student who has received notice, as defined herein, that he or she has exceeded the maximum number of absences in a course and has been administratively withdrawn from the course, shall have the right to appeal to the Faculty for a determination of whether the student's absences are excusable.

Perfecting an Appeal. To perfect the right to appeal, a student must notify the Assistant Dean of Student Affairs of an intention to appeal within five days of notice that he/she has exceeded the maximum number of absences.

Stay Pending Appeal. The student's name shall not be withdrawn from the class roll until after a final adverse determination of his/her appeal or until the student abandons his/her appeal by failing to follow the procedures set out herein. The results of any examination taken during the pendency of an appeal shall be sealed unless there is a final favorable determination of the student's appeal. The student's final examination results will not be considered by the faculty member and no final grade will be recorded on the student's record if the Faculty reaches an adverse determination on the student's appeal.

Presentation of Appeal. The student shall present a written statement of the basis of the appeal and supporting documentation to the Assistant Dean of Student Affairs within two weeks of the date the appeal is perfected.

Burden of Proof. The student shall have the burden of proving by a preponderance of the evidence (as defined in section 1-11.02) that there was sufficient justification for each absence over the number of allowable absences for the course, as defined herein. A student is presumed to have been absent if the attendance records submitted to the Registrar by the faculty member indicate that the student was absent.

Allowable absences. A student must provide an explanation on appeal for all absences except:

one credit hour course

one 50-minute class (or one 75-minute class)

two credit hour course	two 50-minute classes (or two 75-minute classes)
three credit hour course	three 50-minute classes (or two 75-minute classes)
four credit hour course	four 50-minute classes (or three 75-minute classes)

Review Procedure. Upon receiving the written appeal from the student, the Assistant Dean of Student Affairs shall distribute copies of the appeal and supporting documentation to a committee consisting of the Associate Dean for Academic Affairs, the Associate Dean of Student Services, the Assistant Dean of Student Affairs, the Assistant Dean for the Evening Program, and the Law School Registrar. The Assistant Dean of Student Affairs shall set a date for the hearing and shall notify the student of the date. The hearing shall be no sooner than two weeks before the last scheduled day of classes for the semester. The Committee shall determine, based on the student's written explanation, supporting documentation, and testimony, if the student's absences were for sufficient justification. The Committee shall also consider the opinion of the professor as to whether the student has attended sufficient classes to sit for the exam. If a majority of the Committee finds that the student has met the burden of proof, the student's appeal shall be granted, and the student shall be allowed to continue in and receive the earned credit for the course. If the student fails to meet the burden of proof, the appeal shall be denied. This decision shall be final. The Assistant Dean of Student Affairs shall notify the student of the Committee's decision.

1.11-02 Sufficient Justification

Sufficient justification shall be defined as extraordinary circumstances, out of the student's control and arising through no fault on the part of the student, which prevent the student from attending class. Such extraordinary circumstances shall include: (1) serious illness; (2) admittance to a hospital; (3) a death in the student's close family; (4) jury duty or required court appearance; and (5) other compelling circumstances.

1.12 GRADUATION REQUIREMENTS

1.12-01 Credit Hours

In order to be eligible to graduate, a student must have earned a 2.0 grade point average, completed a minimum of 88 credit hours, and successfully completed all required courses. A student may take a maximum of 12 pass/fail hours of the 88 credit hours. There is no pass/fail limit on hours that exceed 88.

1.12-02 Residency

Pursuant to American Bar Association standards, the Law School requires as a condition for graduation, the successful completion of a course of study in residence of not fewer than 58,000 minutes of instruction time extending over not fewer than three (3) academic years for full-time students or four (4) academic years for part-time students.

1.12-03 Joint JD/MBA and JD/MLS Degrees

The requirements for a joint JD/MBA degree are found at the end of this Handbook in Appendix A and for a joint JD/MLS degree are found at the end of this Handbook in Appendix B.

Honors are awarded to students based upon their cumulative grade point averages earned by graduation as follows: 3.50 or higher, summa cum laude; 3.30 - 3.499, magna cum laude; and 3.0 - 3.299, cum laude.

1.14 CURRENT ADDRESSES ON FILE

Official notices from the Law School will be sent to the address on file with the University Registrar. Students are responsible for maintaining their current addresses and telephone numbers on file with the University Registrar.

1.15 LIMITATIONS ON STUDENT EMPLOYMENT

1.15-01 Applicability to Full-Time Students

A full-time student is expected to devote substantially all of his/her time to the study of law. A full-time student whose circumstances necessitate undertaking employment, whether outside or inside the Law School, must limit that employment to no more than twenty (20) hours per week (*See* ABA Standard 304(c)).

1.15-02 Notice of Employment

A full-time law student who is employed must promptly give notice of his/her employment to the Assistant Dean for Student Affairs and to his/her academic advisor.

1.16 CLASS RANKS

Class ranks are computed at North Carolina Central University School of Law at the end of every academic year (not after every semester). After all grades have been submitted, the Law School Registrar will inform all students when class ranks are available and the procedure for finding out one's class rank. Please allow 3-5 business days for processing.

2.00 STUDENT CODE OF PROFESSIONAL RESPONSIBILITY

2.01 POLICY STATEMENT

Lawyers are expected to adhere to the highest standards of professional behavior. North Carolina Central University School of Law expects its students to adhere to high standards of behavior during their legal education, and to avoid even the appearance of impropriety. *The Student Code of Professional Responsibility* is adopted in recognition that law school is a student's first step toward becoming a member of the legal profession.

Prohibited conduct includes arriving late for class, leaving class without the professor’s permission in advance, talking or whispering to fellow students or using cellular phones during class, eating or drinking (except in approved containers) in the classrooms, talking loudly in the building or in the hallways while class is in session, violating rules or circulation policies of the Law Library (*See generally 4.00*), and speaking disrespectfully to faculty, administrators, staff or fellow students. Persistent or flagrant instances of unprofessional conduct will be reported to the Academic Disciplinary Committee and may result in suspension or expulsion.

Each student, in addition to being required to comply with the *Student Code of Professional Responsibility*, is also bound to comply with the *North Carolina Central University Student Code of Conduct*. Violation of either Code shall be governed by the procedures and processes of the Law School Student Handbook.

2.02 PROHIBITED CONDUCT

The *Student Code of Professional Responsibility* prohibits (1) academic dishonesty and (2) unprofessional conduct.

2.02-01 Academic Dishonesty Defined

It shall be a violation of the Code for any student to engage in any conduct that gains or is intended to gain an unfair advantage in any Law School activity or academic matter, either on behalf of the student personally or for another. An unfair advantage is one that is not generally available to all students.

Such conduct shall include, but is **not** limited to the following:

1. the use of materials in any examination or assignment other than those specifically authorized by the instructor;
2. the submission of any misrepresentation as to work toward satisfaction of the requirement(s) for courses or activities;
3. the falsification of an attendance roll;
4. giving or receiving unauthorized aid on examinations or other graded work; and
5. plagiarism, which is defined as the intentional use or attempted use of the work or ideas of another without attribution in connection with any academic work for which law school credit is sought or obtained. Plagiarism includes, but is not limited to, quoting from the published or unpublished work of another without appropriate attribution, or paraphrasing the written work of another without appropriate attribution.

2.02-02 Unprofessional Conduct Defined

It shall be a violation of the Code to engage in any behavior that is or is intended to be disruptive of a class or disrespectful to the Faculty, staff, or students of the Law School.

Such conduct shall include, but is **not** limited to, the following:

1. disruptive behavior in the classroom;
2. failure to observe any library regulations or rules governing appropriate behavior within the building;
3. physically or verbally abusive behavior towards faculty, staff or students;
4. failure to observe University rules and regulations; or

5. lying under oath.

2.02-03 Failure to Disclose or False Statement of Material Fact on Application

It shall be a violation of the Code for any student to fail to disclose or to make a false statement of a material fact on his/her law school application. A statement is material if the omitted or falsely stated fact would have been a factor in the decision to admit the student.

Students have an obligation to update their law school application even after the date of matriculation. All updates to applications must be received by the Associate Dean of Student Services no later than October 1st of the student's first semester at the law school. Failure to comply before this date will result in an automatic referral to the Academic Disciplinary Committee, with a minimum presumptive disciplinary action of a written reprimand. Further, the obligation to disclose any material facts and update the application continues throughout a student's law school career, even if such material facts occur while in law school. The student has an obligation to update their application as soon as possible after such material facts occur.

Amendments to applications shall be sent in a letter addressed to the Associate Dean for Student Services who will determine whether to forward this information to the Academic Disciplinary Committee for review.

The Associate Dean of Student Services shall consider the following factors upon review of an amendment to an application in determining whether a disciplinary action should be filed:

1. Was there an intent to deceive?
2. Was the disclosure voluntary or involuntary?
3. Was the conduct of such to affect moral fitness?

2.03 SANCTIONS

The penalty for violation of these regulations shall be determined by the Academic Disciplinary Committee after a hearing or by the Office of the Dean in those cases in which resolution of the charge occurs prior to a hearing.

2.03-01 Range of Sanctions

The presumptive penalty for violating any of these regulations shall be suspension from the Law School for one year (two semesters). Mitigating circumstances may result in a lesser penalty. The sanction may require that a student begin the suspension during a semester and forfeit any credit for that semester. For a student in his/her final semester, the penalty shall be imposed by withholding the student's certificate of graduation for at least one calendar year from the date on which a final decision is rendered.

Aggravated violations of any of these regulations justify expulsion from the Law School. Aggravated violations include but are **not** limited to concealing or attempting to conceal the act; destroying evidence; altering or destroying official records; or obtaining unauthorized entry into official offices.

Imposition of all penalties pursuant to the Code must be reported to the appropriate Bar officials.

2.03-02 Time for Imposition of Sanctions

All penalties imposed under the Code shall take effect immediately upon rendition of a final decision by the committee. In the event of an appeal as provided in Section 2.05-9, the penalty shall take effect immediately upon final review and an adverse decision by the Faculty of the Law School.

2.04 ACADEMIC DISCIPLINARY COMMITTEE

2.04-01 Authority

The Academic Disciplinary Committee implements the policy set forth in the Student Code of Professional Responsibility.

2.04-02 Composition

The Academic Disciplinary Committee shall be a standing committee of the Law School consisting of seven members. The Office of the Dean shall appoint five members of the faculty as committee members and shall designate two additional faculty members as alternates. The President of the Student Bar Association shall appoint two students to serve as members of the committee. Prior to the commencement of the hearing on the merits, the accused may request that the student members not participate.

2.04-03 Substitution Of Committee Members

If any member of the committee is the accuser, or was the instructor of the course in which the alleged violation of these regulations took place, such person shall not participate as a member of the committee in the hearing or deliberation of the case. In addition, the accused shall have the right to exercise one preemptory challenge to excuse any member of the committee from participating in the hearing of the case. If any member of the committee is excused or is otherwise unable to serve, the Office of the Dean shall select an appropriate student or faculty alternate to serve.

2.04-04 Quorum and Meetings

A quorum exists when five members of the committee are present. Committee action shall be by a majority vote of those present and voting. The committee's meetings shall be closed.

2.05 PROCEDURE

2.05-01 Accusations

An accusation of a violation of this code may be made by any member of the Law School community. The Law School does not respond to anonymous accusations. Accusations should be made within ten days after discovery of credible information indicating a violation and must be in writing, signed by the accuser with contact information, and addressed to the Assistant Dean of Student Affairs. An accusation that survives a preliminary investigation shall be referred to as a complaint in this section governing Procedure.

2.05-02 Investigation Of Accusations

Within 10 working days of receipt of an accusation, the Assistant Dean of Student Affairs shall make a preliminary investigation of the nature and basis of the accusation, including, but not limited to, talking with the accused and the accuser, and talking with witnesses and others involved. The Assistant Dean of Student Affairs shall determine whether there are reasonable grounds to initiate a proceeding to determine the merits of the accusation. Within three days of determining that reasonable grounds exist, the Assistant Dean of Student Affairs shall notify the accused of the complaint by e-mail and by regular mail. Notice will be deemed effective two days after the date of the e-mail from the Assistant Dean of Student Affairs. On the day the e-mail is dated, a copy shall be mailed to his/her address of record, and given to the Dean of the Law School.

2.05-03 Appointment of Facilitator

Upon receiving notice of the accusation, the Dean of the Law School shall appoint a faculty member to serve as the Facilitator for all proceedings relating to the disposition of the complaint. The Facilitator serves at the pleasure of the Dean of the Law School. The Facilitator is not a member of the Disciplinary Committee.

2.05-04 Pre-Hearing Conference

Within two working days of his/her appointment, the Facilitator shall conduct a pre-hearing conference with the student accused of the Code violation. During the conference, the Facilitator shall review with the student those allegations contained in the complaint and he/she shall hear any response the student may have to the complaint. The Facilitator shall document when and where the conference was conducted and who was present. In the event that the accused student fails to appear at the conference, the Facilitator shall document this fact.

In the event that the conference results in the Facilitator's recommendation for resolution of the complaint by agreement with the student, he/she shall present the recommendation to the Dean of the Law School for his/her approval. Any agreement reached with the student as to the disposition of the complaint shall be in writing and signed by the student.

In the event that there is no resolution of the complaint by agreement, the Facilitator shall

notify the Chair of the Academic Disciplinary Committee to schedule the complaint for a hearing. The parties may meet with the Chair to resolve any matters that may expedite the conduct of the hearing. The Chair shall serve as a non-voting member of the Academic Disciplinary Committee, and shall preside over the hearing. The Chair shall not act as a fact finder during the hearing on the merits of the complaint, and is vested with the authority to make evidentiary rulings at any and all hearings related to the complaint.

2.05-05 Procedure For Hearings

A hearing upon the merits shall be conducted within seven working days of the pre-hearing conference between the Facilitator and the accused. (*See* Section 2.05-04). The accused shall have the right to one five-day continuance, which is to be granted upon request of the accused. The accused shall have the right to counsel.

The Assistant Dean of Student Affairs, or other designee of the Dean, shall present the accusation, including but not limited to calling the accuser and other witnesses, as well as presenting any relevant documentary evidence.

The accused shall have the right to call witnesses and to cross-examine witnesses against him or her. All testimony shall be under oath and subject to the right of cross-examination [I shortened this sentence]. The Academic Disciplinary Committee findings shall be determined in closed session by a majority vote. A record shall be maintained of the proceedings. There shall be a final ruling on the complaint within three days of the hearing's completion.

2.05-06 Standard of Proof

The standard of proof is clear and convincing evidence.

2.05-07 Time Limitations

The purpose of the time limitations stated herein is to provide for efficient and orderly procedure. Said time limits shall not be construed to bar or prevent the hearing of the accusations or the imposition of appropriate sanctions after the expiration of an applicable time limitation unless the time delay has unduly prejudiced the right of the accused to a fair hearing.

2.05-08 Parties

After the preparation of the Complaint, the accused and the Assistant Dean of Student Affairs, in his/her official capacity representing the Law School, may be referred to as parties for the purposes of the interpretation and enforcement of these Rules.

2.05-09 Appeals by the Accused from Decisions of the Committee

An accused student who has been found guilty of violating these regulations may appeal

as a matter of right to the Faculty of the Law School within five working days after the decision of the Committee.

To appeal, the accused student shall submit a written notice of appeal to the Dean. The notice of appeal shall request a review of the decision by the committee and shall set forth the grounds upon which the appeal is being taken. The Dean shall then transmit the notice of appeal to the Faculty, and shall provide a record of the proceedings for faculty examination.

The scope of review by the Faculty shall be limited to determining whether the Committee acted in accordance with these procedures for hearing accusations of violations of these regulations, whether there was sufficient evidence that rational persons could have reached the same decision as that of the Committee, or whether other manifest injustice is evidenced in the decision (such as imposition of a grossly excessive sanction). Thus, a trial de novo is not permitted upon appeal.

2.05-10 Review of Sanction in Cases of Dissent by a Committee Member

If there is any dissenting vote from the decision of the Committee with respect to the sanction, the Dean shall transmit the record to the Faculty for review of the sanction on the record.

2.05-11 Additional Rules

The Committee may make such other rules of procedure, not inconsistent with these regulations, as it deems necessary. Such additional rules shall be subject to approval by the Faculty.

2.05-12 University Appeals Process

These regulations shall not abridge or modify the right of a student to seek further redress pursuant to the regulations of the University.

NCCU School of Library and Information Sciences

MLS Tracks -- Law Librarian

**(On Campus Requirements —
Not available via distance learning)**

The School of Library and Information Sciences requires 24 semester hours of required and elective courses in the MLS program and 86 semester hours of required and elective courses in the JD program for the joint Juris Doctor/Master of Library Science degree.

A degree in law and one in library science are essential to effective leadership in law librarianship, and also allow students to prepare for a career in law librarianship and legal research. This program allows students to pursue the Juris Doctor degree and a Master of Library Science degree simultaneously. Students interested in this program should apply directly both to the School of Law and to the School of Library and Information Sciences.

The joint program is structured to allow the student to earn both degrees in less time than is required to earn each degree separately. This program can be completed in a minimum of three calendar years.

Upon successful completion of a minimum of 88 semester hours of required and elective courses, the School of Law grants the degree of Juris Doctor. Nine semester hours of library science courses will meet the electives for the law degree. Students should contact the School of Law about its specific requirements for the joint program (530-6276).
